

Art for the Upper Elementary Student

3rd Grade – 6th Grade

Trimester 1

We will spend this year studying some popular artists and a few of their more famous works of art. Each week we will explore techniques utilized by famous artists. We will also explore art concepts such as, line, color, space...etc. to create some amazing art of our own!

Please note: Changes in the schedule may occur if the children need more time to complete a project. Also, works of art will be kept at co-op until the ART SHOW at the end of the year.

week 1: Lesson focus: One Point Perspective
project: Cityscape—Looking UP!

* \$15.00 ONE time class fee (per student) for supply purchases, no matter how many trimesters the student is enrolled in the class.
